

Maryland Leads: High-Quality School Day Tutoring

Why It Matters

Our team of prior K-12 leaders has experienced firsthand the impact that effective tutoring can have on closing individualized gaps and are passionate about ensuring that tutoring programs are set up successfully. Our enthusiasm and implementation practices are grounded in research-based principles and best practices.

Our Perspective

Our philosophy is to begin with and continually refine outputs and deliverables to ensure that our work together meets your expectations.

Partner With Us

We are approved to support in all aspects of High-Quality School Day Tutoring initiative:

- Lead strategic planning
- Conduct training of tutors and staff in effective tutoring practices
- Provide support with the adoption and use of use of high-quality instructional materials and technology resources
- Conduct needs assessment, stakeholder feedback, program evaluation and sustainability plan
